### How to create a Facebook Forum

First you need to login to your Facebook account.

You have to have an account with Facebook in order

1. Go to

<https://apps.facebook.com/forumforpages/>

2. Select the page you want to install the forum to and click on 'add page tab'.

3. The Forum for Pages App is now installed.

You can click on "new topic" to start the discussion

or "forum settings" located in the bottom left to customize your forum settings.
